# SONATA

## A car in harmony with you and your lifestyle

**controlled** You can be sure that the Sonata will deliver an extraordinary driving experience of power and precision, for both business and pleasure, capable of accommodating the whole family, or getting you to that all important meeting.

The Sonata possesses excellent build quality, giving it a powerful presence on the road with an assurance all of its own. There is an attention to detail that few cars in the Sonata's price range or class have to the same extent, and it comes as no surprise to know that a high specification comes as standard. The whole driving experience is accentuated by touches such as the fingertip controls that put you firmly in the driving seat, enabling you to have everything close at hand.

The Sonata is built to take everything in its stride with side impact bars and active head restraints which help minimise neck injury in the event of a collision. Children are not forgotten with the standard childproof rear door locks, and there are driver, front passenger, roof and side airbags, all of which contribute to the feeling of security and protection you will experience when you drive the Sonata.

comfort

The Sonata will not disappoint. Leather upholstery and trim provide that touch of luxury and added comfort, whilst the Smartnav™ satellite navigation system will help you reach your chosen destination.

fiveyear warranty

At Hyundai we are so confident in the quality of our cars that every car in the range is covered by a unique, free Five Year Warranty.

What makes it so good is the fact that it is manufacturer backed, for the entire five year period. It's a permanent offer on all of our new vehicles, is unlimited by mileage\* and is also fully transferable. Also included is a six year anti-perforation warranty and three years' RAC Assistance.

\* Limitations apply to vehicles used for private hire and commercial use. Ask your dealer for details.

Hyundai Car Finance

The vast majority of our customers borrow money from somewhere to enable them to purchase their new Hyundai. At Hyundai Car Finance we believe we have a complete solution with a range of products for all Hyundai customers. We provide Hire Purchase or Personal Loan options. Simply finance any amount over any period between 12 to 60 months.

Sequences

Reduce your monthly payments by deferring part of the cost to the end of the agreement, resulting in an optional final payment and offering you 3 great choices.

Payment Protection

We offer 3 levels of Payment Protection cover to cater for a whole range of circumstances.  
  
Please see your dealer for details.

Guaranteed Asset Protection

Did you know that if your vehicle was written off as a result of an accident, fire or theft, your insurance company would only pay the current market value of the vehicle, and not what you actually paid for it? If you wanted to replace your vehicle you would have to find the difference.  
  
GAP insurance can cover you for any shortfall from your insurance company in a total loss situation.

Competitive Advantage System

For further information and the opportunity to compare our vehicles against others you may be considering, please visit the Competitive Advantage System on our website at [www.hyundai.co.uk](http://www.hyundai.co.uk).

#### information

If you need to find out more about Hyundai itself, or any of our vehicle range, please consult your local Hyundai dealer, or feel free to visit our website. There's very little you won't be able to discover and then it's the simple matter of trying and buying, because once you test drive a Hyundai, we're sure it will surprise and excite in equal measure.
